Date: 31 March 2026

To Whom It May Concern,

This is to recommend **Mohammed Shaaz**, who successfully completed his internship in **Data Engineering** at **Springer Capital Investments LLC** from **January 31, 2026 to April 1, 2026**.

During his internship, he demonstrated strong problem-solving skills, attention to detail, and a proactive approach to learning. He worked on designing and implementing end-to-end data pipelines, gaining practical exposure to modern data engineering tools and workflows.

He worked extensively with **Python and SQL**, and built a data ingestion pipeline using **Apache Airflow and PostgreSQL**, with a containerized setup using Docker. His responsibilities included data validation, cleaning, transformation, and ensuring reliable and repeatable data loading processes.

In addition, he contributed to building structured data transformation layers (Bronze to Silver to Gold), implementing data quality checks, deduplication logic, and preparing analytics-ready datasets for reporting. He also maintained clear documentation and created runbooks to support reproducibility and ease of maintenance.

Mohammed Shaaz consistently demonstrated professionalism, strong communication skills, and the ability to adapt in a dynamic work environment. His analytical thinking and dedication contributed positively to team efficiency and process improvement.

We appreciate his efforts and wish him continued success in his academic and professional endeavors.
